My name is Ronnie Johnson. I am writing this letter in reference to the hole in the street on Barge rd. right before Bunker Hill St. On December 14, 1999 while coming down Barge Rd. I hit an enormously large hole that caused my tire to blow out. Do to the darkness and the narrowness of the street I was not able to avoid the hole. There were no signs to warn people of the hole or was there any effort to cover up the hole. The repair damages cost around \$68.11. The purpose of this letter is for you to reimburse me for the damages. Enclosed in this letter is a copy of the repair bill and some pictures of the hole. I am hoping that this letter will encourage the city to send someone to repair the hole before the same incident occurs to someone else.

Sincerely,

Ronnie Johnson
